DECLARATION UNDER 37 CFR § 1.68

Dear Sir:

I, the undersigned, declare and say, as follows:

I am a co-inventor of the invention disclosed in the above-identified patent application;

During the period of time when said invention was conceived and made, I was employed by Honeywell International Inc., assignee of the above-identified application;

The invention was conceived and made by me (in conjunction with my co-inventor) while employed by Honeywell International Inc. during working hours while performing regular duties carrying out experimental and research work relating to said invention and while using

Honeywell International Inc.'s facilities, equipment, materials, funds, information, and services;
and

The invention disclosed in the above-identified application was not made (conceived or first actually reduced to practice) nor is there any relationship to the performance of work under contract with the National Aeronautics and Space Administration.

I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
